

## Ways to Join

1000 Friends of Iowa is a statewide public interest group working to promote healthy communities and cities while protecting farmland, natural areas, and the quality of life for future generations of Iowans. We work to promote responsible development that:

- Conserves and protects our agricultural and natural resources;
- Revitalizes our neighborhoods, towns and cities;
- Improves the quality of life for future generations.

We are the only statewide group in Iowa working to ensure that local and state government manage growth responsibly. Founded in 1998, 1000 Friends of Iowa has grown to become the state's primary advocate for smart growth policies.

1000 Friends of Iowa's advocacy work, public education, and the organizational and technical support that we provide local groups have become the foundation of good growth management in Iowa.
